

GamaSec Seal Installation Instruction

Step 1 : Please enter your website address to generate the seal code for your website.

Please enter your website address (e.g. www.gamasec.com)

Step 2 : Please choose your seal color.

Step 3: Click the "Generate Seal code" button

[Generate your seal code:](#)

Step 4 : Insert the generated code into the web pages where you would like the GamaSec seal to be displayed

```
<a href="javascript:void window.open('https://www.gamasec.com/Seal.aspx?domain=www.gamasec.com','GamaScan','toolbar=0,resizable=0,width=532px,height=700px,location=0,menubar=0,scrollbars=0,status=0,');"> </a>
```

Step 5 : Click on the seal icon to view you're security certificate.
